THE DIRECTOR OF
CENTRAL INTELLIGENCE

National Intelligence Council

27 January 1983

MEMORANDUM FOR: Deputy Director of
Central Intelligence

SUBJECT : SIG on Strategic Technology
Transfer [REDACTED]

I thought you would want to know that the CIA and Intelligence Community were complimented concerning their inputs on a number of the SIG agenda items. Under Secretary Schneider specifically cited the TTIC Subcommittee on Export Control's paper on China's high technology trade cases [REDACTED]

[REDACTED] The IC's continuing support to the COCOM List Review, under STIC's auspices were cited as key to progress being made there. The TTIC Japan study [REDACTED] TTAC) sailed through the policy review by the SIG and will be used by Secretary Shultz during his stop in Japan. The SIG asked us to undertake a similar case study on France. Overall, I would say our efforts are being appreciated. [REDACTED]

MEMORANDUM FOR THE RECORD

25X1

FROM : [REDACTED]
Chairman, Export Control Subcommittee, TTIC

25X1

SUBJECT : Report of the SIG on the Transfer of
Strategic Technology [REDACTED]

25X1

25X1

25X1

1. The Sixth Meeting of the SIG on the transfer of Strategic Technology was held on 18 January and chaired by Under-Secretary of State, William Schneider. [REDACTED] accompanied by [REDACTED] represented the Agency and the Community respectively. The agenda for the meeting is attached at Tab A. [REDACTED]

Interim Progress Reports

25X1

25X1

Interim Progress Reports, A-H, on ongoing SIG activities are attached at Tab B. These activities are progressing satisfactorily with the exception of the Commerce led project on Soviet Access to Western Data Bases, which has come up short in funding the \$400K needed for contract consulting services. We will explore this problem in TTIC and see if joint funding can be found. [REDACTED]
